WEIGHT LOSS PROGRAM

A Healthy Pet is a Happy Pet!

Have you been told your dog is overweight or even obese?

At NALC, we understand the challenges you may face in developing and maintaining a healthy diet and exercise plan for your dog.

Under the consultation of Dr. Rebecca Blotz of the Chetek Veterinary Clinic, we offer a variety of services to help your dog lose weight in a safe and healthy manner.

NALC follows the guidelines established by Dr. Blotz for your pet. Some of these guidelines may incorporate activities such as:

- 🐾 Swimming
- 🐾 Biking
- 🐾 Walking
- 🐾 Treadmill Time

We work with Dr. Blotz and your pet to do whatever is needed to help your companion reach their target weight in a fun and safe manner.

BENEFITS

The Benefits

We believe that mental and physical stimulation are the cornerstones of a content dog.

Not only is your dog more likely to remain healthy if he/she maintains a proper weight, a dog that is properly exercised is generally much happier and easier to live with. These are just a few benefits of our program:

- 🐾 A happy and content dog
- 🐾 Heart health
- 🐾 Joint health

OPTIONS AVAILABLE

We offer many options to accommodate your dog's personal needs and fit your budget...

- 🐾 Drop your dog off in the morning and pick them up in the afternoon. Come once a week or several days a week.
- 🐾 Leave your dog with us until their target weight is achieved.
- 🐾 Buy a punch card and use our facilities and work with your own dog.
